Registration process tu tak sampai 5 minit pun. Isi je slow2, make sure nanti catat username dgn nombor pin yang baru dibuat tadi, takut terlupa. Lepastu nanti dah habis register akan keluar la screen macam ni. Then tekan je 3 line dekat atas kiri tu.

Then click je icon gambar macam kat atas tu, nanti select gambar qr code yang kita dah save dari app maybank tu tadi. Sepatutnya dia akan detect la akaun maybank kita tu dan dah boleh transfer shopee balance direct ke maybank.
